

August 6, 2021

Dear sponsors Tri-Parish CCW,

It is a blessing to have the opportunity to greet you once again. This is your sponsored friend, Margory, greeting you once again.

I want to tell you that I am happy because we are in the middle of the school year already. I am in the third grade, and it has been a little difficult due to the pandemic because we cannot attend school, but we are being sent self-teaching materials.

I tell you that my mother can no longer work, so my siblings and I help with the house chores. She is sick and should not make any physical effort. My mother suffers from bones issues, rheumatism. I still have leg pains sometimes, so I take medicine to alleviate the pain. My mother cannot work due to the health problem that I mentioned above.

I tell you that I like to play cards, pray, and take showers. I have a cat, and I take good care of him. I like to read and study because I want to graduate and become someone in life and take care of my mother and buy her the medicine that she needs. I would like to study gastronomy one day.

I want to thank you for the support that you have sent to me. Thanks to the funds, we can cover food and school expenses.

I would like to know how you are doing. Are you in good health? How have you been doing during this pandemic? Are there landscapes there where you live?

I bid farewell to you with a hug, blessings! I hope I can see you one day.
